TIVE APPROVAL OF THE UP-

MATION PLAN SUBMITTED BY  
GEORGIA-PACIFIC CORPORA-  
TION, SEVIER COUNTY, UTAH  
NOTICE OF TENTATIVE AP-  
PROVAL NO. M/031/009

THE STATE OF UTAH TO  
ALL OPERATORS, TAKERS OF  
PRODUCTION, MINERAL AND  
ROYALTY OWNERS, AND  
PARTICULARLY ALL PER-  
SONS INTERESTED IN SEC-  
TIONS 12, 13, 21, 22, 27, 28, 33,  
AND 34, TOWNSHIP 22 SOUTH,  
RANGE 1 WEST; SECTIONS 4,  
5, 7, AND 8, TOWNSHIP 23  
SOUTH, RANGE 1 WEST; AND  
SECTION 30, TOWNSHIP 19  
SOUTH, RANGE 2 EAST,  
SLBM, SEVIER AND SANPETE  
COUNTIES, UTAH.

Notice is hereby given that  
tentative approval was given by the  
Division of Oil, Gas and Mining

on September 22, 1987 to Georgia-  
Pacific Corporation to continue  
surface mining operations in Sevier  
and Sanpete Counties. Exact legal  
descriptions are referenced in the  
preceding paragraph.

The name of the mining operation  
is the Georgia-Pacific Gypsum  
Quarry, and the person representing  
the company is Mr. D.C. Corkill,  
Plant Manager, P.O. Box 68, Sig-  
urd, Utah 84657.

Georgia-Pacific Corporation has  
fulfilled obligations under the Utah  
Mined Land Reclamation Act of  
1975 (Section 40-8, UCA 1953, as  
amended) with specific reference to  
Section 40-8-13 and will employ  
the following mining and reclama-  
tion techniques on approximately  
50 acres of private and federally  
owned (BLM) land.

## During Operations

Haul roads will be constructed to  
the deposit and the gypsum will be  
drilled and blasted in 20-foot  
benches. The broken rock will be  
hauled to the Sigurd Plant for pro-  
cessing. Available topsoil will be  
saved and stockpiled for future  
reclamation.

## Following Operations

All areas mined out from 1975  
to the present will be reclaimed  
within the next five years. Current  
and future operations will be re-  
claimed within one year after com-  
pletion of quarrying a deposit.

Reclamation of the quarries is to  
consist of regrading the disturbed  
area so that it blends in with the  
surrounding terrain. Stockpiled  
topsoil will be placed upon the re-  
graded area, then the area will be  
ripped with a dozer and broadcast  
seeded with native vegetative  
species. Haul roads which do not  
have a postmining use will be re-  
claimed in the same manner.

Any persons or agency aggrieved  
by this tentative decision is hereby  
requested to submit written protest  
within thirty (30) days of the date  
of publication to the Division of  
Oil, Gas and Mining, 355 West  
North Temple, 3 Triad Center,  
Suite 350, Salt Lake City, Utah  
84180-1203, setting forth factual  
reasons for his or her complaint,  
and thereafter, at a time and place to  
be established, appear before the  
Board of Oil, Gas and Mining to  
show cause, if any, why this mine  
plan should not be approved.

DATED this 22nd day of  
September 1987.
